- Please Supply:
  a) Full name and passport number
  b) Firearm details;
  c) Ammunition details;
  d) Copy of flight details;
  e) British license.

- An original notarised copy of the passport (photo page) and license must be signed and stamped as a true copy of the original document by a Public Notary or Attorney.
- A letter from your outfitter confirming your hunting dates, where you are hunting, what species you are hunting, the firearms that he deems applicable to your hunt.
- This letter must also have the outfitters accreditation number on it relevant to the province that you will be hunting in.

All documentation is to be completed correctly as per the above and sent via courier Fedex or DHL or any other courier service, to arrive at Hunters Support:

- 25 days prior to your arrival for processing if it is a normal application, OR
- 30 days prior if it is an application for a semi-automatic shotgun or a handgun.

The Postal Service can be used and it is advised to use FirstClass Airmail service from Great Britain. This service can take anything from 6-10 days to reach us and any other form of postage can take 90 days to land in South Africa.
YOU NEED TO ENSURE THAT:

- You have a maximum of four firearms, not more than one of the same calibre.
- The frame, barrel or action are marked with the same serial number.
- Check with your airline as to the number of firearms they allow per passenger, as many airlines are now specifying a maximum of two/three firearms.
- You may only bring ammunition applicable to the firearms that you will be bringing to South Africa.
- If you wish to bring a semi-automatic shotgun for bird shooting, or a custom-made handgun the application should arrive 30 days prior to your arrival at Hunters Support.
- For semi-automatic shotguns and handguns, you must supply a letter of motivation stating the reason for wanting to bring that specific firearm to hunt in South Africa. [It must be an original request - with a good reason otherwise consideration of your application will not be granted]
- In many cases if the handgun is custom made and it is not on the Central Firearms computer system, you will be requested to obtain from the manufacturer a letter stating that the firearm is used solely for hunting purposes. Pictures of the firearm can be requested by Central Firearms. [In this instance consideration of your application may take longer than the specified period, so please submit your applications timeously]

FOR HAND GUNS:

- The outfitter must supply a letter confirming that the hand gun will be used for hunting purposes only.
- If required by Central Firearms the outfitter must supply a letter of confirmation from the province where you are hunting that Nature Conservation has no objection to you hunting with a handgun.
- The outfitter is also required to inform you the client in a letter of invitation that you must be aware of the South African Firearm Regulations and that you adhere to the safe storage, transportation, handling and use of the firearms as laid down in the regulations, namely the Firearms Control Act (Act 60 of 2000).
- The proof of ownership and the passport copies must be notarised as true copies of the original.
- The Firearms Control Act has been implemented in its entirety from January 2005, applications need to be completed correctly and submitted timeously to avoid any unforeseen mishaps or delays.

In-transit permits: are required to be obtained by a passenger spending the night in South Africa while in-transit to a third country. The same pre-requisites apply as to obtain the normal Temporary Import permit.
